## World Mediation Summit 2016 June 8-10, 2016

Winner of the coveted 2015 AMMI National Mediation Project Award, our Summit is an initiative which gathers mediation professionals from across the globe. From sports mediation to commercial and political mediation, Madrid will, for its 3rd year in a row, be the place to rendez-vous for experts eager to see mediation develop.

Join us, at the Universidad Complutense - Faculty of Law, for invaluable networking, experiences, and stimulating debates with the most successful and knowledgeable professionals in our field.

This year's theme, The Art Of Mediation: Designing Our Destiny, is an opportunity to address upcoming trends in mediation and move our profession forward. Tailored workshops, trainings and panel discussions will centre around core issues that need to be addressed. As in past years, they will be facilitated and led by judges, ambassadors, lawyers, international mediators and other recognised professionals in our field.

For more details on our programme and to register, visit our website [www.worldmediationsummit.COM](http://www.worldmediationsummit.COM). Follow our website blog, but also on Facebook and Twitter @WMS\_Madrid for the most up to date information!

«WMS brought together some of the finest minds within the Industry. Led by Kevin Brown and his team, it laid the foundation for providing a committed platform where the best minds congregate and explore ways to resolve disputes (...) and attracted Ambassadors, Legal Thinkers, Businessmen, people from Departments of Governments across Europe and Canada. I'm looking forward to the WMS series, which I'm sure will be a permanent fixture in everyone's diaries. I wish Kevin Brown and his team the very best».
